

# CONTENTS: ACADEMIC PRESENTATIONS

## FOSS GIS TOOLS AND COMPONENTS

Calculating NADCON Grids using GeoTools J Jezek .....	1
Multi-Environment General Purpose Applications Built with Terralib F A Bede, R M Gregório, L P Masiero, M Metello, E S Abreu, M R Petinati, U M de Freitas and M T de Carvalho .....	7
An Extensible, Interface-based, Open Source GIS Paradigm: MapWindow 6.0 Developer Tools for the Microsoft Windows Platform H A Dunsford and D P Ames .....	14
PAL - A Cartographic Labelling Library O Ertz, M Laurent, D Rappo, A Sae-Tang and E Taillard .....	23

## LAND CLASSIFICATION AND CLIMATE CHANGE

Using Airborne Laser Scanner Data and Open Source Software for a Glacier Inventory C Knoll and H Kerschner .....	33
Open-source Versus Proprietary GIS on Landscape Metrics Calculation: A Case Study W-C Wang, J-L Yang, Y-Y Lin .....	41
Urban Spatial Growth and Land use Change in Riyadh: Comparing Spectral Angle Mapping and Band Ratioing Techniques Y A Aina, J H van der Merwe and H M Alshuwaikhat .....	51

## STANDARDS AND INTEROPERABILITY

The South African Address Standard and Initiatives towards an International Address Standard A K Cooper and S Coetzee .....	58
Can the South African Address Standard (SANS 1883) Work for Small Local Municipalities? S Coetzee and A Cooper .....	71
Editing XML Metadata Files with the Aid of the Open-Source Editor MEE T Kubik and B Kopańczyk .....	82
Multipurpose Metadata Management in gvSIG L Díaz, M Gould, A Beltrán, A Llaves and C Granell .....	90

## SOFTWARE ENGINEERING AND GIS PRODUCTION

Using Supply Chain Management to Enable GIS Units to Improve their Response to their Customers' Needs P Schmitz .....	100
Factors Leading to Success or Abandonment of Open Source Commons: An Empirical Analysis of Sourceforge.net Projects C M Schweik, R English and S Haire .....	108
Open Source Software: Risk Management from an Intellectual Property Perspective K Hasija and B Narayanan .....	118
FOSS4G Certification Issues in the Development of a Large Telecommunication Application J G Rocha, R Alves and P Machado .....	125

## WATER RESOURCE MANAGEMENT

Using Keyhole Markup Language to Create a Spatial Interface to South African Water Resource Data through Google Earth M Silberbauer and W Geldenhuys .....	133
How Open Source GIS and Related Tools can Help in African Project and Projects can Help to Develop New Tools: The Case of Rwanda and the New GRASS-Epanet Interface M Ciolli, M Righetti, C Sboarina, C Tattoni, A Vitti, P Zatelli and P Bertola .....	144
Efficient Constrained Delaunay Triangulation Implementation in Java for Spatial Hydrological Analysis T Leduc, E Bocher and F G Cortés .....	151

## DISASTER MANAGEMENT

The Andean Information System for Disaster Prevention and Relief: A Case Study of Multi-National Open-Source SDI M Molina, S Bayarri and R Vargas .....	157
GIS: A Rapid Deployment GIS Framework for Humanitarian Relief Operations D Bitner, F Boon, M Careem and G Treadgold .....	165
Natural Hazards and Risk Assessment: The FOSS4G Capabilities M Cannata and M Molinari .....	172
GIS-based Atmospheric Dispersion Modelling N Bozon and B Mohammadi .....	182

## SPATIAL DATA

MonetDB, A Novel Spatial Column-Store DBMS M Vermeij, W Quak, M Kersten and N Nes .....	193
A Data Model for Efficient Address Data Representation – Lessons Learnt from the Intiendo Address Matching Tool A A Rahed, S Coetzee and M Rademeyer .....	200
A Comparison of Data File and Storage Configurations for Efficient Temporal Access of Satellite Image Data A Bachoo, F van den Bergh and A Gazendam .....	214
Providing Access to Terabytes of Earth Observation Data in an International Organization - Infrastructure and Services P Hasenohr and A Burger .....	223

## MODELS, SIMULATIONS AND RISK ASSESSMENT

An Open Source Model for the Simulation of Granular Flows: First Results with GRASS GIS and Needs for Further Research M Mergili .....	231
Optimal Exploration Target Zones P Debba, E M J Carranza, A Stein and F D van der Meer .....	239
Quality Management for 3D/4D Meteorological Data with Paraview and GRASS GIS P. Löwe and J. Klump .....	247

## COLLABORATIVE GIS

Development of Real-time Tracking and Log Management System using Free and Open Source Software D Yoshida and V Raghavan .....	256
Participatory Free and Open Source GIS in the Web 2.0 - Exploring Trends in GIS in Times of Collaborative Creation D M Nascimento and V Raghavan .....	264

## ENVIRONMENTAL MONITORING AND WIRELESS NETWORKING

GEM-PP: A GIS Emissions Pre-Processor to Ingest European Emission Inventory (EMEP/CORINAIR) into Photochemical Transport Models D Conte, G P Marra, C Mangia, U Rizza, I Schipa and A Tanzarella .....	272
On-line Air Quality Monitoring and Warning Support System for Bucharest Urban Area V Craciunescu, M Caian, C Fluerau and A Nertan .....	279
NAMGIS – A Context-Aware Mobile Web GIS M A Brovelli, D Magni, M Brioschi, M Legnani and F Corcoglioniti .....	289
Assessment of Location Sensitivity of Voronoi-based Sensor Deployment and Reconfiguration using GIS G Nicholls, D Kourie and Ti Strauss .....	297

## HEALTH, NATURE CONSERVATION AND BIODIVERSITY

Free GIS Software meets Zoonotic Diseases: From Raw Data to Ecological Indicators M Neteler .....	308
Spatial Analysis and Visualization of Genetic Biodiversity R G Beiko, J Whalley, S Wang, H Clair, G Smolyn, S Churcher, M Porter, C Blouin and S Brooks .....	316
Application of Open Source and Proprietary Software to Optimise Meadow Bird Management Schemes in the Netherlands B Vanmeulebrouk, D Melman, O Roosenschoon, A Schotman, H Meeuwssen and M Kiers .....	325

## SDI

Beyond FOSS 3D GIS Technologies: A Chance for Developing Countries J L Encarnação, R de Amicis, G Conti and J Rix .....	333
urbSAT: from Spatial SQL to Urban Indicators E Bocher, T Leduc, N Long, F Gonzales-Cortes and G Moreau .....	341
Implementation of the Elements of the Polish National Spatial Data Infrastructure based on Open Source Software T Kubik, W Paluszyński and P Netzel .....	349
A Review of the Status of Spatial Data Infrastructure Implementation in Africa P Makanga and J Smit .....	357

## EDUCATION AND TRAINING, FOSS IN CORPORATES AND GOVERNMENT

Corporate Applications Built with TeCOM: A TerraLib Microsoft Visual Component R M Gregorio, K A B Kinoshita, W Carneiro, H Medeiros, A Siqueira and U M de Freitas .....	366
Student Recruitment for Transformation at the University of Cape Town: A Spatial Analysis of the Alternative Admissions Research Project, 2000 – 2005 T Rambuda, S Butcher and A Cliff .....	374
The Challenges of GIS Education and Training: GIS use by Municipal Urban and Regional Planning H J W Marais .....	385
Challenges Affecting the OSS Adoption Rate in the SA Government J Mtsweni and E Biermann .....	400

## WEB SERVICES

An Open Service Network for Geospatial Data Processing L Díaz, C Granell, M Gould and V Olaya .....	410
Integration of GRASS Functionality in Web based SDI Service Chains J Brauner and B Schaeffer .....	420
World Wide Access to Amazon Forest Inventories of Non-Timber Products F Costa, S Desmoulière and O Farias .....	430
Semantically Enabled SOS with Topic Maps R Barta and T Bleier .....	439
