CODE SPRINT

The code sprint session will be held post-conference on Saturday 4th October. The venue for the code sprint will be the Cape Town City Council offices, about a 10 minute walk from CTICC. We will meet at 08h30 at the CTICC main entrance and depart for the City Council Offices at 08h45. Code sprint facilities will be available until 17h00. The code sprint provides a great opportunity for open source projects to meet in person and work on their code. If you would like to participate in the code sprint, please contact Tim Sutton no later than the end of Monday 29 September. The code sprint is open to all attendees of the conference. Lunch and refreshments will be provided to attendees.
